

KAYLA WEINER, ASID, CID ELECTED TO ASID WASHINGTON METRO CHAPTER BOARD

(FAIRFAX, Va.)(Feb. 20, 2015)—Design Exchange's Associate Designer, Kayla Weiner, has been elected to the 2015 American Society for Interior Design (ASID) Washington Metro Chapter board. She will serve a two-year term as Communications Director effective Oct. 2015.

Her duties will include oversight of the chapter's newsletter, website, public relations/media outreach, directories, and other internal and external communications.

"I credit much of where I am today in my career to the education, support, and network of resources I've gained from my involvement in ASID's Washington Metro Chapter," Weiner says. "My relationship with the chapter stems from the recommendation by the principal of Design Exchange, a former chapter president. Her respect for the chapter and appreciation of the opportunities it provided her during the start of her career prompted her suggestion that I too become involved upon graduation. I enjoyed my time serving as co-chair for the chapter's Emerging Professionals committee. I look forward to continuing my service to the chapter as Communications Director."

Weiner, a graduate of Marymount University, has worked for Design Exchange since 2010. She is certified by the National Council for Interior Design Qualification (NCIDQ) and a Professional member of ASID. She co-chaired the ASID Emerging Professionals group from Feb. 2013-Sept. 2014. She was awarded the chapter's prestigious 2013-14 Milo Hoots Jr. ASID Leadership Award for her contributions. Weiner's work has been published in several local publications, including the Washington Post's House Calls section.
